

English

In English the children will be exploring descriptive writing, focusing on openings and endings. They will have the opportunity to develop their poetry writing and write a recount. The children will be using the 'Talk for Writing' approach. They will also continue to read a range of interesting texts in guided reading sessions.

Mathematics

In Maths the children will develop their understanding of addition, subtraction, multiplication and division and will apply these skills in problem-solving activities. They will also be learning about fractions and measurement.

The children will be engaging in lots of games and challenges that will begin to deepen their thinking in Maths.

Science

In Science our topic is 'Materials'. The children will start the topic by identifying and comparing the suitability of a variety of everyday materials, including wood, metal, plastic, glass, brick, rock, paper and cardboard for different uses. Also they will be investigating how things move on different surfaces.

Geography

During the term the children will be looking at Houses around the World. They will be locating countries on the globe but mainly focusing on India. They will also be comparing houses and giving reasons to why families live in similar/ different ways to how we live in our homes.

Class 2 Spring 2020

Class 2 have an exciting and busy term ahead!

Our whole school topic this term is 'Frozen Planet'. The children will participate in mixed age group activities as well as focusing on age-appropriate tasks. They will have the opportunity to share their achievements with each other.

History

Each term, the focus will be on either the Geography or History curriculum, although aspects of the subject will be covered during cross-curricular activities.

PSHE

Our theme this term is 'Good to be me'. Each child has the opportunity to put forward their views on how to improve their schools and the local community during Class Council meetings.

Religious Education

During this term the children will be learning about why we should care for others within the Christian faith. They will also be studying the Easter story.

Physical Education

The children will have Mr Webb for P.E on a Monday. They will be focusing on 'Gymnastics and Dance' this term. On a Wednesday the Year 2 children will have Games aimed at developing multi-skills.

Music

In Music the children will be exploring sounds through singing games and percussion instruments. They will also develop their performing skills when presenting to the class.

Art and DT

In Art this term our whole school topic is 'texture'. The children will be looking at conveying a variety of messages and emotions.

In DT they will be constructing their own house for the Three Little Pigs by designing, making and evaluating.

Computing

The children will be learning about the laptops, iPads and developing their understanding of internet safety. They will use word processing tools and research for their topic using the internet. They will also be using apps to support their learning in class.

How you can help

Please continue to read and share books with your child every night, when possible. Keywords will be assessed every week so please can you help your child learn them. The children are learning their 2, 5 and 10 times tables at present so extra support at home would help. KIRF sheets will be provided half termly to develop fluency. We ask that you also continue to help your child with learning to tell the time and offer them experiences with money. You could encourage your child to find relevant books on our topics for them to share in class. You may also have some artefacts, pictures or books of your own that they could bring into school. Many thanks, Ms Evans
