<p>Who are the best people to talk to in this school about my child's difficulties with learning/ Additional Learning Needs (ALN)?</p>	<p>Class teacher</p>	<p>He/she should always be your first port of call if you have any concerns about your child's progress/learning/wellbeing. He/she is responsible for:</p> <ul style="list-style-type: none"> • Ensuring that all children have access to good/outstanding teaching and that the curriculum is adapted to meet your child's individual needs (also known as differentiation) • Checking on the progress of your child and identifying, planning and delivering any additional help your child may need (this could be things like targeted work, additional support, adapting resources etc) and discussing amendments with the ALNCo as necessary. • Writing Individual Provision Maps (IPM), and sharing and reviewing these with parents at least once each term and planning for the next term. • Ensuring that all members of staff working with your child in school are aware of your child's individual needs and/or conditions and what specific adjustments need to be made to enable them to be included and make progress. • Ensuring that all staff working with your child in school are helped to deliver the planned work/programme for your child, so they can achieve the best possible progress. This may involve the use of additional adults, outside specialist help and specially planned work and resources. • Ensuring that the school's ALN Policy is followed in their classroom and for all the pupils they teach with any ALN.

	<p>Mrs Beecham (Special Educational Needs Coordinator – ALNCo)</p>	<p>She is responsible for:</p> <ul style="list-style-type: none"> • Coordinating all the support for children with special educational needs (ALN) and developing the school’s ALN Policy to make sure all children get a consistent, high quality response to meeting their needs in school. • Ensuring that you are: <ul style="list-style-type: none"> • involved in supporting your child’s learning • kept informed about the support your child is getting • involved in reviewing how they are doing • involved in planning ahead for them. • Liaising with all the other people who may be coming into school to help support your child’s learning e.g. Speech and Language Therapy, Educational Psychology etc • Updating the school’s ALN Records of Need (a system for ensuring all the ALN needs of pupils in this school are known) and making sure that there are excellent records of your child’s progress and needs. • To provide specialist support for teachers and support staff in the school so they can help your child (and other pupils with ALN in the school) achieve the best possible progress in school. • Conducting additional assessments where appropriate, in order to determine your child’s specific areas of strength and difficulty then providing the class teacher with strategies and resources to meet each individual need. <p>He/she is responsible for:</p> <ul style="list-style-type: none"> • Supporting children within the whole–class environment under the guidance of the class teacher. TAs will often work with all the children in the class at one stage or another, not necessarily just those with ALN. • Supporting small groups of children, either within the classroom or in a quieter area outside the classroom. In these situations the TA may give targeted support to enable children to achieve the lesson objective, or they may deliver a specific intervention programme tailored to meet the needs of the group.

In these cases support is highly targeted to meet the child’s individual needs and this will be closely monitored and regularly reviewed by the ALNCo. Although we recognise that this type of intervention can be beneficial, there will always be a focus on developing the child’s independence as far as possible in order to prevent over–reliance on the child’s part. <p>They are responsible for:</p> <ul style="list-style-type: none"> • The day to day management of all aspects of the school, this includes the support for children with ALN. • They will give responsibility to the ALNCo, Assistant Head and class teachers but are still responsible for ensuring that your child’s needs are met. • They must make sure that the Governing Body is kept up to date about any issues in the school relating to ALN. <p>She is responsible for:</p> <ul style="list-style-type: none"> • Making sure that the school has an up to date ALN policy • Making sure that the school has appropriate provision and has made necessary adaptations to meet the needs of all children in the school • Making sure that the necessary support is made for any child who attends the school who has ALN and/or disabilities • Making visits to understand and monitor the support given to children with ALN in the school and being part of the process to ensure your child achieves his/her potential in school.

B. HOW COULD MY CHILD GET HELP IN SCHOOL? :

Children in school will get support that is specific to their individual needs. This may be all provided by the class teacher or may involve:

	<p>Specialist groups run by outside agencies e.g. Speech and Language therapy or Occupational therapy groups</p>	<ul style="list-style-type: none"> • If your child has been identified as needing more specialist input instead of or in addition to excellent class room teaching and intervention groups, referrals will be made to outside agencies to advise and support the school in enabling your child to make progress • Before referrals are made you will be asked to come to a meeting to discuss your child’s progress and help plan possible ways forward. • You may be asked to give your permission for the school to refer your child to a specialist 	<p>Children with specific barriers to learning that cannot be overcome through Quality First Teaching and intervention groups.</p>
