

English

Using a Talk for Writing Approach, the children will be exploring biographies, personal recounts and narratives. Our texts will include the Little People, Big Dreams books, The Bee who Spoke and The King of Tiny Things. They will also continue to read a range of interesting texts in comprehension sessions.

Mathematics

Maths topics this term include; Fractions, Time, Statistics and Position and Direction. Class 2L will also continue to develop their knowledge and understanding of times tables and complete Froggy Maths every week. They will learn through a mixture of pictorial, abstract and written methods with access to concrete resources throughout their learning.

Science

We will be looking at Plants this term. The children will explore and plant seeds, learn how they are dispersed and investigate the conditions required for germination. They will have lots of opportunity to work scientifically through hands-on investigations.

Design and Technology

In D&T, the children will be exploring Balanced Diets and Rockets!

Class 2L Summer Term 2024

Our whole school topic this term is 'Our Planet'.

Geography

In Geography, the children will be learning all about our World in a unit called Around the World. They will find out about our seven continents and countries within them, identifying cities and landmarks and exploring the cultures and features of each.

History

In History, Class 2L will be finding out about the explorers Christopher Columbus and Neil Armstrong. We will explore their lives, journeys, achievements and discoveries and evaluate their importance to us today.

Physical Education

The children will have Mr. Webb for P.E on a Monday. They will be focusing on various skills required in team sports. On a Friday, the children will have Games aimed at developing multi-skills.

Art and Design

The children will develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space. We will explore sculpting with clay, weaving with paper and creating paintings of rollercoasters.

Religious Education

During this term the children will be learning about various religions and what they believe about how we should treat others.

Computing

The children will continue to Programme Beebots! They will also explore a unit of work about the International Space Station.

PSHE

The units for this term are Relationships and Changing Me.

Music

In Music, the children will be learning how to perform actions to music with a sense of beat and to respond to musical signals and musical themes using movement. Children will develop awareness of duration and the ability to move slowly to music and will have a chance to create art work, drawing freely and imaginatively in response to a piece of music.

How you can help

Please continue to read and share books with your child every day, when possible. Spellings will be assessed each week so please can you help your child learn them. We ask that you continue to help your child with learning to tell the time and offer them experiences with money. Your child will be given Froggy Maths practice sheets on a Tuesday. It would be fantastic if you could encourage your child to find relevant books on our topics for them to share in class.

Many thanks,
Miss Ludlow
